

# Work Permits

In order to work as a caddie at Ozaukee Country Club this summer, everyone under the age of 16 needs to get a work permit. They can be picked up from your local high school or middle school during regular school hours.

The information you need to take with you to your school will be the following:

- \* **Work Permit sheet (bottom half of page)**
- \* **Birth certificate**
- \* **Social Security Card**
- \* **\$10.00**

Once you obtain your official work permit, bring it back to Ozaukee so we can keep it on file. **NOTE:** You will not be allowed to caddie until your work permit is on file at Ozaukee. Thank you!
